How clickbacks works.

After you switch to ClickEnergy, visit www.clickbacks.co.uk and login with your account email and start saving!

How to...

- 1 Login to www.clickbacks.co.uk with your ClickEnergy Account email address.
- 2 The offer detail page will show you everything you need to redeem your selected savings.
- 3 Save up to 20% on high-street brands and up to 10% on supermarkets and more by purchasing retail vouchers and cards.

Simply purchase or top-up online using our secure server.

- 4 Once you receive your card by post or email you can start saving on your shopping. top-up your cards at any time.

Each retailer offer will be either a card which will be posted out to you, or an e-voucher which will be emailed straight-away, so you can use on your mobile phone at the retailer's premises.

Discounts.

The Vouchers.

We have teamed up with one of the UK's leading discount voucher schemes allowing users to load money onto a retail voucher at a discount to the face value. Such vouchers are ideal for those making regular shopping trips where they can use the discounts by paying with the vouchers already purchased at a discount.

Most vouchers are plastic cards; the majority of which are reloadable and can be topped-up at any time. Sometimes retailers send out paper vouchers also.

E-vouchers.

Increasingly, retailers are offering digital vouchers sent by email or SMS. These are sent straight away to you when purchased.

The benefit of using e-vouchers over plastic gift cards means that customers can order their discount for in-store shopping in an instant! When shopping in-store, users simply purchase the e-voucher on the clickbacks website and immediately use it in-store.

How's that for easy savings!

NB: Brands and discount offers change daily. Details featured correct as of 10 May 2017.
